

February 2020

Dear Colleagues,

I hope you had a good start of the New Year!

CPinBOSS certainly had a good start with 28 patients now recruited from 19 sites!

2020 is going to be a great recruitment year for CPinBOSS. We have 12 months to recruit as many children as possible and gain some useful new knowledge. So let's get the numbers up and make sure we don't miss a single child who is a potential candidate for SEMLS!

Please don't forget:

- You can recruit **children that are already on your waiting list**. You can send out info sheets before they attend for clinic or surgery.
- **You can recruit any patient who is a candidate for SEMLS, even if SEMLS is not actually planned at this stage.**
- If consenting is not possible you can **still recruit anonymised patients for the service evaluation**, as with the main BOSS study.

Please contact cpboss@ndorms.ox.ac.uk if you have any queries or visit our [website](#).

With best wishes,

Tim Theologis

Welcome to 4 new recruiting sites last month:

University Hospitals of Plymouth NHS Trust

The Mid Yorkshire Hospitals NHS Trust

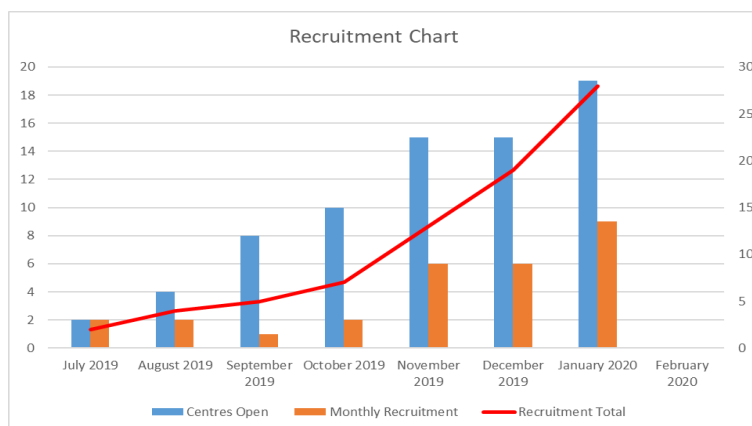

Norfolk and Norwich University Hospital

Evelina London Children's Hospital

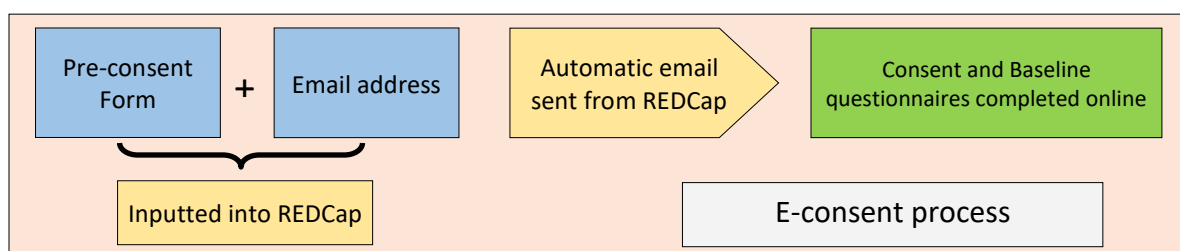

Key points:

- Please note that the CPinBOSS team phone number has changed to **01865 737643**. Please use this number to get hold of Jamie if you have any queries.
- **Data entry** – GOAL questionnaire: when 2 options are selected for 'Walking Aid Required' always select the "best" option and notify the Study coordinator of this.
- **Gait Laboratories** – Please liaise with Julie Stebbins (Julie.Stebbins@ouh.nhs.uk) to ensure GPS data is collected and transferred to Oxford.

Data Management Update:

- Our great data team are working on a report to identify out what forms we are missing for which patients. This report will be sent out to sites on a monthly basis to chase up the missing data.
- Please let Jamie know when you recruit your patients & if/when they have their SEML surgery.
