

# Would you like to involve the members of the new Diversity in Research Group in your research?

## About the new group

This patient and public involvement (PPI) group now has **22 members**, with diverse characteristics (gender, age, ethnicity, faith and health conditions).

The members have experience with a wide range of community groups and organisations supporting the following:

Black African, Asian, and Caribbean communities

Refugees and asylum seekers

Homelessness

Prisons

Parents and carers, including young parents

Local football clubs

Neurodiversity

LGBTQ+ community

Mental and Physical health conditions

Education and libraries

Older people

Children and young people

If you're interested in working with 7-8 group members in 2025, please fill out the below form by **Friday 10 January**. The Oxford and Oxford Health BRCs will fund the involvement.

## What you need to do

- 1 Use the form to provide a short summary (100-200 words) of your project.
- 2 Meet the group up to 4 times during 2025. Meetings should be approximately 1-1.5 hours.
- 3 Provide feedback on how the group's involvement helped/affected your project.
