

## CRAFFT - Named PubMed Collaborator Agreement

*This information sheet details the agreement between Oxford Trauma and CRAFFT Collaborators*

- Oxford Trauma values the role clinical staff can have in research.
- Oxford Trauma seeks to involve orthopaedic trainees, ED trainees, specialist nurses, physiotherapists and consultants in all studies where possible.
- Oxford Trauma commits to provide evidence of participation in studies as part of CPD.
- Oxford Trauma intends to name individuals who can demonstrate these criteria as named PubMed collaborators on submitted manuscripts. This will be subject to journal policy. Collaborators will be acknowledged in the primary clinical paper unless otherwise stated.

The criteria for determining an individual's collaborator status are:

Activity	Points	Evidence/ suggestions
Setup	Up to 2 points	- Initial CRAFFT contact at site - Recruit a Principal Investigator - Return SFQ - Site induction visit attendance
GRANULE Course Go to <a href="https://learn.nihr.ac.uk/course/">https://learn.nihr.ac.uk/course/</a> and register using an NHS e-mail address.	2 points	- GRANULE Certificate
Consent & Randomisation	4 per recruit	- Recruitment certificate
Training a colleague	0.5 per colleague trained (Max of 2points)	- Updated training & delegation logs in REDCap

**10 points and above – named PubMed collaborator.**

*It is your responsibility to present evidence to the Trial Team when you accumulate 10 points or more.*
